PROFESSIONAL SUMMARY

I am a data-driven Performance Marketing Specialist focused on turning multi-channel paid media into measurable growth through B2B lead generation, optimized funnels, and advanced analytics. Blending marketing strategy with a technical foundation in front-end development, GA4, and GTM, I generated 370+ qualified leads in a single campaign (142% to target) while driving CPCs as low as \$0.13. My goal is simple: scale high-ROI campaigns, minimize ad waste, and transform data into sustainable business results.

CORE COMPETENCIES

Performance Marketing | B2B Lead Generation | Meta & Google Ads | Marketing Analytics (GA4/GTM) | Multi-Channel Acquisition | Conversion Rate Optimization (CRO) | Direct Email Outreach | Landing Page Development

PROFESSIONAL EXPERIENCE

Apex Training & Consulting | Sana'a, Yemen

Digital Marketing Specialist | Apr 2025 - Present

- Planned and executed multi-channel performance marketing campaigns (Meta Ads, Email) under strict 9-day deadlines, generating 262 qualified leads for the 'AI Driving License' (142% of target) with an estimated CPC as low as \$0.13.
- Engineered targeted B2B direct outreach strategies focused on HR and T&D decision-makers, achieving a remarkable 33% quote-to-client conversion rate and securing 12+ institutional training contracts for the 2026 Annual Training Plan.
- Developed campaign messaging and value-driven advertising creatives tailored to penetrate new market segments, successfully driving 94.4% of total content views from non-followers and exceeding webinar attendance targets by 140%.
- Implemented Google Analytics 4 (GA4) and Google Tag Manager (GTM) to establish a "zero-waste" ad spend architecture, enabling precise conversion tracking, traffic attribution, and real-time performance optimization.
- Managed the corporate website and social media channels by rapidly developing high-converting landing pages, optimizing UX, and refining lead capture forms to maximize the effectiveness of integrated marketing initiatives.

Amadeus | Sana'a, Yemen Information Technology Assistant | Oct 2021 – Dec 2024

- Provided comprehensive hardware and software troubleshooting, ensuring optimal system performance and minimizing operational downtime across the organization.
- Assisted in network configuration, endpoint security maintenance, and the deployment of updated IT protocols to support daily business activities.
